ABOUT GENEVA

Everything we do, connected.

Primary care, weight loss, hormones, injectables and skin, with one care team under one roof. Your plan for one accounts for the others.

PRIMARY CARE + WEIGHT LOSS
Your weight-loss plan starts with your labs and your physician.

WEIGHT LOSS + WELLNESS
Your weight and your hormones move together. Your plan accounts for both.

WELLNESS + SKIN & LASER
Hormone changes show up in your skin. We treat both.

SKIN & LASER + INJECTABLES
One skin plan: lasers, peels and injectables in the right order.

INJECTABLES + PRIMARY CARE
Botox for migraines and jaw clenching, under physician care.

Feel known.

One care team that knows your story, your goals and your chart. Every visit builds on the last.

Feel whole.

Labs, hormones, weight and skin under one roof, so every part of your plan works together.

Feel confident.

A physician oversees every treatment, from a lip flip to a GLP-1 prescription.

YOUR HEALTH IS CONNECTED. YOUR CARE SHOULD BE TOO.

“People don’t experience their health in categories. How you sleep affects how you feel. How you feel affects how you look. Your hormones, skin, energy and long-term health are constantly connected. Your care should be too.”

Dr. Jerath, Physician & Medical Director

MEET YOUR PHYSICIAN

Dr. Jerath

CHIEF MEDICAL OFFICER · BOARD-CERTIFIED IN FAMILY MEDICINE

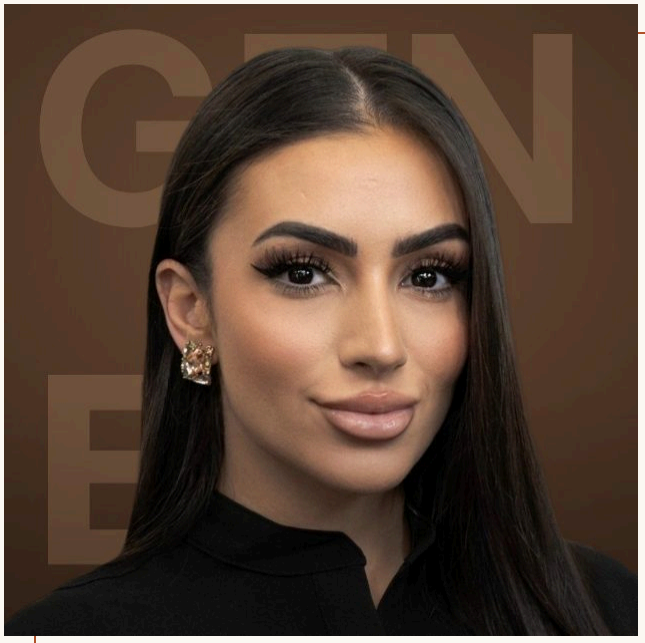

Dr. Jerath is board-certified in family medicine by the American Board of Family Medicine, with more than 13 years of clinical experience. She completed executive education at Harvard University and advanced training in weight loss.

She looks at your whole picture, sleep, thyroid, weight, metabolic and heart health included, and teaches as she treats, so you understand your body and every choice in your plan. The same physician sees you at every visit.
