INSIDE

Everything in this brochure.

· One care team ..... p. 3

· Meet Dr. Jerath ..... p. 5

01 Medical Weight Loss ..... p. 6

02 Primary Care ..... p. 7

03 Memberships ..... p. 8

HOW IT STARTS

Three simple steps.

1

FREE CONSULTATION

Meet your provider and talk through your goals.

2

LABS FIRST

Bloodwork in our clinic shows what is safe and what fits.

3

IN-PERSON CHECK-INS

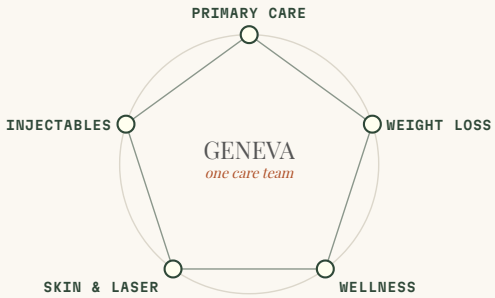

We follow your progress and adjust your plan as you go.

Call (470) 704-9687 or book at geneva-med.com

ABOUT GENEVA

Everything we do, connected.

Primary care, weight loss, hormones, injectables and skin, with one care team under one roof. Your plan for one accounts for the others.

PRIMARY CARE + WEIGHT LOSS
Your weight-loss plan starts with your labs and your physician.

WEIGHT LOSS + WELLNESS
Your weight and your hormones move together. Your plan accounts for both.

WELLNESS + SKIN & LASER
Hormone changes show up in your skin. We treat both.

SKIN & LASER + INJECTABLES
One skin plan: lasers, peels and injectables in the right order.

INJECTABLES + PRIMARY CARE
Botox for migraines and jaw clenching, under physician care.

Feel known.

One care team that knows your story, your goals and your chart. Every visit builds on the last.

Feel whole.

Labs, hormones, weight and skin under one roof, so every part of your plan works together.

Feel confident.

A physician oversees every treatment, from a lip flip to a GLP-1 prescription.

YOUR HEALTH IS CONNECTED. YOUR CARE SHOULD BE TOO.

“People don’t experience their health in categories. How you sleep affects how you feel. How you feel affects how you look. Your hormones, skin, energy and long-term health are constantly connected. Your care should be too.”

Dr. Jerath, Physician & Medical Director

MEET YOUR PHYSICIAN

Dr. Jerath

CHIEF MEDICAL OFFICER · BOARD-CERTIFIED IN FAMILY MEDICINE

Dr. Jerath is board-certified in family medicine by the American Board of Family Medicine, with more than 13 years of clinical experience. She completed executive education at Harvard University and advanced training in weight loss.

She looks at your whole picture, sleep, thyroid, weight, metabolic and heart health included, and teaches as she treats, so you understand your body and every choice in your plan. The same physician sees you at every visit.

AREAS OF FOCUS

- Medical Weight Loss
- Semaglutide & Tirzepatide
- Hormone Therapy
- Thyroid
- Prediabetes & Diabetes
- Gut Health & Inflammation
- Primary Care

MEDICAL WEIGHT LOSS

01 Weight loss, led by your physician.

Labs first. In-person check-ins. A plan for keeping the weight off once you reach your goal.

Medical Weight Loss

Physician-supervised GLP-1 care with labs first and in-person check-ins. Your first consultation is free.

B12 Shot

ALSO For Men · For Women · Tirzepatide · Semaglutide · GLP-1

LEARN MORE

Tirzepatide Injections

Copies two gut hormones that tell your brain you are full and help your body handle sugar, so eating less feels easier.

LEARN MORE

Semaglutide Injections

Copies GLP-1, a gut hormone that quiets appetite and slows digestion, so smaller portions feel like enough.

LEARN MORE

Body Composition Scans

Shows how much of your weight is muscle, fat and water, so we can see whether you are losing fat or muscle.

LEARN MORE

PRIMARY CARE

02 Your family doctor, under the same roof.

Physicals, sick visits, ongoing care and care for kids, with a board-certified family medicine physician.

Primary Care

Family medicine with a physician who can see your whole picture, from labs to lifestyle.

LEARN MORE

Physical Exams

A thorough annual physical, done in a single visit.

LEARN MORE

Women's Health

Whole-person care at every stage, including perimenopause and menopause.

LEARN MORE

Men's Health

Proactive care built around you, from screenings to testosterone.

LEARN MORE

Chronic Disease Management
